Sunday

Travel day.

On sunday our journey has begun, we met at the airport at 9 am.

We had our flight departed at 11.30 and we arrived in Turku at 13.30 Finish time, because of the time changing.

We needed to go to the centre of Turku to take a bus to Helsinki. We were riding for about 2 hours. In the capital of Finland we took another bus to the hotel, we were there around 6 pm.

And that is all for first day.

Monday

The first day of activities.

We took a walk to the school from the hotel, when we arrived there they told us some things about the plan of the trip, and what we will do that week.

We went for a lunch at school, then we were divided into four groups in which we spent our afternoon on a 3 hour walk in the nature to see the beauty of Finland. After the project we learned more about different countries and more about Finland transports.

Tuesday

On tuesday we went to the city hall of Helsinki we had some presentations on how to make the streets less polluted.

We went to see cathedral in the centre and a church. Later on we took a ferry to the Suomenlina island. We were at a museum there and we took a walk to see the whole island. After we came back from Suomenlina we went on Skywheel.

Wednesday

On Wednesday we had to leave the hotel at 8 am and took the bus to the ammattiopisto school, when we arrived we were divided into 4 groups and went Nordic walking in the school area.

When we got back to school we had lunch at school and then we played the Finnish game mölkky which consists of knocking sticks by throwing a stick, then we made rolled rolls on a stick which had to be fried over a fire.

Then we entered the school and worked in groups on proposals for the development of our area.

Thursday

On Thursday we left the hotel at 8 am and went to the school where we were on Monday, Stadin AO and watched short films made by students about the Call to Rewild project.

Later on we went by bus to the school where we were the day before and had a farewell lunch at a cooking school, and then we went to learn about the wild herbs of Finland and we could try, for example, birch juice.

Friday

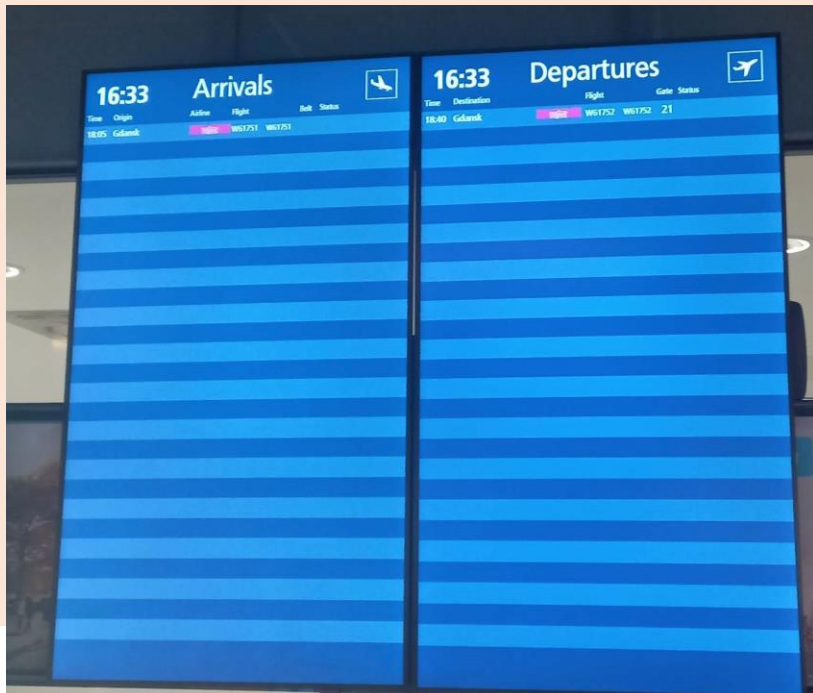

Friday was our last day of the program and we were able to leave the hotel at 9:15. From the hotel we went to the central library in Helsinki where we had to give our opinion about the trip and we had time to visit the library then we went outside to play some sports.

When we went back to the building to have lunch and say goodbye to the Spanish team as they had a flight on Friday.

Saturday

Saturday last day of the trip we left the hotel at 12.00 leaving so much memories from the past few days. We were almost the last ones to leave the hotel, after us only the Portuguese guys stayed for longer. We were at the airport at 4 pm. Funny part is that the only flight from Turku was the one to Gdańsk so there was not many people. We arrived to Poland at 19.30.
